

Order out of Chaos; Satan's Plan Explained (Part I)

My people are destroyed for lack of knowledge.

Hosea 4:6 (KJV) 

Today's Christians are a rather strange bunch. Many of them perceive that something is terribly wrong in this world, and profound things are going on spiritually, yet when we try to impart knowledge to them they remain incredulous. What is incredulity? It is a state of denial of the truth because they perceive it as too incredible, frightening or 'crazy' to be true. This is in fact exactly what mind control consists of. The servants of Satan intentionally craft situations that are so strange, cunning and devious to the average person that they cannot be comprehended.

Trying to understand these matters can only be successful with the guiding force of the Holy Spirit. Now some might argue that the Satanists understand his plan, but they really don't. They only see what he shows them. Hidden from their view is the fact that he and all of his servants will be defeated by the blood of the Lamb and the sword of His mouth at the appointed hour. They foolishly believe that they will rule this earth with Satan, or one of his nicknames; Saint Germaine, Sanat, Mohammad (Baphomet), Yeshua et al. Some will even claim a relationship with Jesus Christ, however it is a different Jesus that they serve.

Men's hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken.

Luke 21:26 (KJV) 

For the average person understanding of the events to come will bring great fear, in fact the kind that literally causes cardiac arrest. It is only when our hearts are filled with the Holy Spirit that we have the ability to resist the spirit of fear that will be unleashed upon all the earth. Over 20 years ago God allowed me to experience this fear, and I don't want it to happen to you. All those who call themselves Christians but in their hearts know they aren't serving the Lord will experience this fear, unless they turn from the path they are on. I know because I was once living in that state. God have mercy on me.

I was visiting a friend's house and he had to leave for some reason. I was alone there looking at the television when the Emergency Broadcast System suddenly broke into the show I was watching. They kept saying this is not a test, hold on for instructions from the authorities on what to do. I had never seen the Emergency Broadcast System initiated before, my understanding was that it was to inform people to 'duck and cover' when a nuclear attack was imminent. I was more scared than I have ever been in my life! I was being attacked in my mind with thoughts "It is too late now!", "You are going to Hell!". I went down on my knees and asked God to have mercy on me and forgive me for living sinfully even though I knew I shouldn't.

I found no comfort until an official broke in and said there was a thunderstorm warning in effect. What? You invoked the 'end of the world' system to warn me of a thunder storm? But God had made His point with me, my heart wasn't right. Thank you Lord for that act of mercy towards me. How many thousands of people daily experience the same fear I did as they are dying and see Satan's demons coming to take them to Hell? No time to repent then because it is too late!

This is what I imagine the paralyzing fear will be like that strikes men's hearts when they see Satan's end game unfolding before their eyes. He needs chaos to initiate his New World Order, a public so emotionally traumatized and drained that it will blindly accept anyone who seems to have the answers. Enter the Antichrist. The chaos is needed in order to create a vacuum for him to fill. The people of the world will be so tired of the

chaos that any type of order (namely the New World Order) will be perceived as a vast improvement of conditions.

I asked the Lord the meaning of the above Freemason's two headed eagle symbol and He immediately gave me the answer. The eagle, of course, represents America. But this one has two heads looking in two different directions. Why? Because an eagle with two heads looking in two different directions is effectively paralyzed, and thus rendered harmless. It represents a country perpetually divided. That is what dialectic thinking does to us; we cannot ever make progress because we are constantly divided and engaged in a back and forth struggle like a two-headed eagle that wants to head in two different directions. That is what the Hegelian dialectic does to us. More on this below.

Everything that is expected from an ordinary weapon is expected from a silent weapon by its creators, but only in its own manner of functioning. It shoots situations, instead of bullets; propelled by data processing, instead of chemical reaction (explosion); originating from bits of data, instead of grains of gunpowder; from a computer, instead of a gun; operated by a computer programmer, instead of a marksman; under the orders of a banking magnate, instead of a military general. It makes no obvious explosive noises, causes no obvious physical or mental injuries, and does not obviously interfere with anyone's daily social life. Yet it makes an unmistakable "noise," causes unmistakable physical and mental damage, and unmistakably interferes with the daily social life, i.e., unmistakable to a trained observer, one who knows what to look for. The public cannot comprehend this weapon, and therefore cannot believe that they are being attacked and subdued by a weapon.

“Silent Weapons for Quiet Wars”

What this text is saying is that computer technology has become so sophisticated that it has its finger on the pulse of the public's psyche. It knows when and how to employ cause and effect. It also knows how to manipulate the public into doing almost anything given the correct formula.

A classic example of the silent weapon at work is the contrived racial situation that exists in America today. Most probably think this began with white Americans purchasing slaves for themselves. But the truth is that most all of those slave owners just happened to also be Freemasons. Same for the KKK. Why do you suppose they called the KKK ‘a Christian organization’?

American slavery was contrived centuries ago in order to sow the seeds of discontent between blacks and whites. It is the fatal flaw in the American dream, a base that has been built upon literally for centuries, and built to cause blacks to feel disenfranchised from day one. Even today, movies and TV shows crafted to tap into ‘black rage’ are put out at regular intervals. “Roots”, “The Color Purple”, “The Help”, “12 Years a Slave” are just a few examples off the top of my head.

"He told us that since our employers had become silent investors in this prison business, it was now in their interest to make sure that these prisons remained filled. Our job would be to help make this happen by marketing music which promotes criminal behavior, rap being the music of choice. He assured us that this would be a great situation for us because rap music was becoming an increasingly profitable market for our companies, and as employee, we'd also be able to buy personal stocks in these prisons. Immediately, silence came over the room. You could have heard a pin drop"

“The Secret Meeting that Changed Rap Music and Destroyed a Generation”

‘Gangsta’ rap’ was specifically created in order to fill private prisons with black folks whilst lining the pockets of the record industry investors. At the same time this music served to ever widen the racial divide because much of the violent musical imagery was directed towards authority figures (particularly white) and used to degrade women.

If a tree falls in the woods and there's no one to hear it does it make a sound? The media is one of the silent weapons used against the public. The NWO decides which news stories get reported and thus manipulates public opinion. Want more racial tension? Simply report more stories with the racial angle. Even if a hundred white people die to black violence daily, that one white cop who shot a black kid will be the story reported, thus leaving the impression that blacks are being preyed upon by the current system, which is not necessarily untrue. These silent weapons have been employed and tested before on a small scale; the Rodney King verdict, the assassination of Dr. Martin Luther King. Only a few days of sporadic rioting resulted.

Cries of "No justice, no peace" are joyous music to the ears of those manipulating people into starting wars. Reality check folks; none of us can expect real justice until Jesus the prince of peace returns. The frog in the proverbial pot is nearly done. My theory is they will need to assassinate President Obama in order to kick off this war. God, I pray for his safety.

Meanwhile the Manson murders did nothing but scare most whites of everyone, even though by Manson's own admission they were contrived to start a race war. Nobody bothered to ask him why this war needed to be started. Same goes for the **Zebra killings** which most have probably never even heard about.

The whole world is being polarized according to Satan's plan. In **Albert Pike's letter of 1871 to Mazzini** three world wars were planned, the third of which is between the Zionists and Islam. Blacks are gravitating to Islam in droves, whilst others align themselves with the Baptist church. Either way it doesn't matter to Satan. There was once talk of banning Baptists from being Freemasons, until a 1991 survey discovered that **some 37% of SBC members were members of that fraternal organization**. A 2000 survey further found that up to 1,000 Baptist pastors were members. Keep in mind that those are just the ones who were willing to admit on paper that they were Freemasons, which indicates to me that the actual percentage is staggering.

Meanwhile, mainline Christianity has been completely duped into supporting Zionism under the delusion that the people represented by the occult hexagram on their flag are 'God's chosen people'. The churches are directly complicit in this fraud because they don't teach their congregations about those who Christ called 'the synagogue of Satan'.

This is no accident, but a direct result of the churches having been completely infiltrated as Jude warned us they would be in these last days. Truly God's people are destroyed for their lack of knowledge, yet they have no one to blame but themselves. If only they would open their bibles for themselves instead of trusting in their pastors to educate them. Once I started reading God's Word for myself and the Holy Spirit revealed the true meaning to me I could only conclude that the church system was compromised.

The formula is simple; we call it the '**Hegelian dialectic**'; thesis vs. antithesis results in synthesis. Black vs. white is just one of many ways dialectic thinking is imposed upon us. Other similar examples are Zionist vs. Islam, Republican vs. Democrat, male vs. female, old vs. young etc. Another way of saying it is divide and conquer. The problem is that the majority refuses to believe that we are being manipulated to the point of mind control. Most will never understand that the deck is stacked against us; *both sides are wrong!* The only rational answer to any of these choices presented to us is none of the above.

Let me be very real with you here folks. I am a victim of polarized thinking that has been imposed upon us, and so have you if you're able to be honest with yourself. It is a struggle for all of us sometimes not to fall into racial stereotypical thinking. But this is not a single-sided matter by any stretch of the imagination. I did not choose the color of my skin, and neither did you. I emphatically reject every form of racial pride because as scripture tells me I cannot even change a hair on my head. We must all make a conscious decision that we will not fall into racial hatred and fighting, no matter what the consequences may be. God created us all, 'red and yellow, black and white' as the song goes. But race wars are only one facet of the coming chaos...
